#### Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

We had 12 jobs at the site as of 12/31/2020 but 4 of those employees were employed in WI prior to the agreement date 02/01/2018. We also plan to hire more than the required number of 10.
