Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

Anytime we launch a new site, we support employees who are interested in moving to those new facilities from nearby sites to explore new roles, develop new skills, and achieve their goals at Amazon. While MDW9 met Illinois's EDGE requirement of 1,200 employees at the end of the year, the rules are such that they don't count in-state transfers
