Job Classification	Anticipated Starting Dates	Number of Positions to be Hired in this Category	Average Annual Wage per New Employee	Total New Payroll to be Created
NONE		0	\$0.00	\$0.00
Totals:		0		\$0.00

Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

Cardinal Point's HIB designation requires no minimum job creation commitment. In its HIB application, Cardinal Point estimated that 8 to 10 jobs would be created to manage the operation and maintenance activities for the project. However, after the project was constructed, Cardinal Point determined that a total of 7 jobs at the project site are sufficient to manage operation and maintenance activities. Those 7 positions are listed in the report.
