Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

This project is a utility scale solar project that is in development. The jobs created by this project will consist of temporary construction jobs, full time technicians, and part time grounds maintenance once the project is operational. These jobs will not be created until construction starts, which we expect to happen sometime in 2025. All salary information is estimated at this point.
