Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

Project site employment on March 6, 2024 was 540, Project site employment on December 31, 2024 was 578. 50 new jobs are required to be created prior to claiming an EDGE credit. Only 38 new jobs were created as of December 31, 2024, therefore no EDGE credit is being requested for tax year 2024.
