### Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

5 jobs have been created that directly relate to the EDGE agreement, the remaining 4 jobs are to support other business growth not related directly to the EDGE agreement
