### Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

Original application estimated 10 full time employees. Our OandM provider changed service model for this area to hub and spoke due to high density of related plants, meaning less employees dedicated to single plants and rather a larger pool dispatched where needed
