### Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

The company's creation of 244 jobs instead of 200 at the project site reflects the larger operational scale and workforce needs required to support Gulfstream's expanding aircraft completions and maintenance activities.
