Job Creation Data Explanatory Notes

If the change (gain/loss) in the number of full-time permanent employees as of the date of the report plus the number of full-time permanent employees anticipated to be hired after date of the report does not equal the number of full-time permanent employees stated in the Agreement that would be created at the site as a result of the assistance, then please explain why not:

Vantive has hired more employees than originally required under the EDGE Agreement as ongoing operational needs at the Deerfield headquarters have exceeded the staffing levels projected at the time the agreement was executed. The additional employment reflects continued organizational growth and ramp-up of operations and does not represent early fulfillment of the EDGE job creation commitment, which remains governed by the Benchmark Date of December 31, 2026.
